Dhaka, Bangladesh · Open to remote (US, UK, EU, APAC)

SUMMARY

Mobile Full Stack Engineer with 5+ years building production React Native apps across insurance, healthcare, and social platforms — from Node.js APIs to App Store and Play Store releases.

EXPERIENCE

Green Delta Insurance — Senior React Native Developer · Nov 2024 – Present

- Lead **InsuMama** — [Play Store](#) · [App Store](#) (10K+ downloads); **MyGDASSIST** — [Play Store](#) · [App Store](#)
- Built KYC, OCR document scanning, multi-product insurance flows, and secure payments
- Develop Node.js REST APIs with MongoDB/PostgreSQL for policy, claims, and user data
- Own production releases, performance optimization, and scaling

iHealthScreen BD — React Native Developer · Jul 2023 – Oct 2024

- Led TypeScript migration and built 50+ reusable components across healthcare apps
- Refactored architecture to improve scalability and reduce developer onboarding time
- Shipped production features with product and backend teams

Polyfins Technology — React Native Developer · Feb 2021 – Jun 2023

- Built **EczemaLess** — [Play Store](#) (10K+ downloads) — AI skin analysis with image upload and backend AI integration
- Created reusable UI modules and auth/sync layers used across multiple health apps

HIGHLIGHT PROJECTS

GoLive Streamers — [Play Store](#) · [App Store](#)

Social live streaming platform with real-time video, PK battles, and a virtual gifting economy.

- Agora RTC live streaming, PK battles with synchronized scoring, and multi-guest rooms (up to 4)
- Virtual gifting with animations, coin transactions, and in-app purchases on iOS & Android
- *Stack*: React Native · TypeScript · Agora RTC · Node.js · WebSockets · MongoDB

We Are Togetherly — [Play Store](#) · [App Store](#)

All-in-one relationship and household app — 500+ downloads, 5.0★ App Store.

- Real-time partner sync for meal plans, grocery lists, and household expenses
- Expense tracking with receipts, recurring income, bill reminders, and in-app messaging
- Premium subscription monetization via in-app purchases on iOS & Android
- *Stack*: React Native · TypeScript · Reanimated · Node.js · MongoDB

EDUCATION

BSc Computer Science · Daffodil International University · 2021 · CGPA 3.44
